☐ Capital                      **EXPENDITURE ACCOUNT:** \_\_\_\_\_  
☐ N/A

---

**HISTORY/FACTS/ISSUES:**

The Board of Sumter County Commissioners first entered into a transportation disadvantaged coordination contract with SCARC, Inc. in 1998 to provide safe, courteous, clean, reliable and effective service to the individual served. SCARC, Inc. continues to provide excellent services, clean inspections and reporting practices and continues to comply with all standards and performance requirements of the Commission for the Transportation Disadvantaged, the Local Coordinating Board Transportation Disadvantaged Service Plan and the Board of Sumter County Commissioners. The renewal of the contract will ensure county trips will be provided to those physically and mentally challenged individuals who otherwise would not be able to travel to and from the group home as well as for transportation services for work and doctor visits. The average monthly number of trips SCARC, Inc. provides is 3,000 at no cost to the Board of Sumter County Commissioners. This is the standard coordination/operator contract with the expiration date extended to coincide with the recently approved Community Transportation Coordinator designated term of June 30, 2013.
